

## **Akron Symphony Orchestra Music and Art Poster Guidelines**

We are basically looking for each artist to create a piece that represents their own interpretation of the selected concert based on the music and/or composer. There are no requirements on colors or the finished size of your poster.

We are looking for you to put your own style and perspective on the concert with your designs, intentionally being vague to provide you with as much of a blank canvas as possible.

### **Required Elements:**

Concert Name

Concert Date

Akron Symphony Orchestra name in full

### **Imagery and concepts that are allowed but not required:**

Abstract or literal interpretation of the Symphony brand

Abstract or literal interpretation of the composer(s)

Symphony/Orchestra

Orchestra instruments

EJ Thomas Hall

Abstract/Unidentified musicians

### **Imagery and concepts that are NOT allowed:**

No violence, blood, nudity, alcohol, guns or knives

For any questions or issues on design, timelines, artwork or processes, please contact:
